Règles

Document repris sur celui de la Mission LV 76

Le paquet de cartes (**pack of cards**) est battu (**schuffle the cards**). Un joueur distribue les cartes (**deal the cards**). Chaque joueur a quatre cartes en main, le reste constitue la pioche (**the deck**).

Chacun, à son tour, demande à un des joueurs de lui donner une carte qui lui manque pour constituer une famille (**In the family....., have you got.....**).

Attention : il faut avoir au moins un des membres de la familles dont on demande une carte. Si le joueur obtient ce qu'il veut (**yes, I have / here you are**), il rejoue (**play again**) sinon (**I haven't, sorry**), il pioche (**pick up a card => bad pick/lucky pick**). C'est au tour du joueur suivant (**It's your turn/It's my turn**) de demander une carte à quelqu'un.

Le joueur qui obtient une famille complète, rejoue.
